Background

Since 2023, the UCLG Committee on culture coordinates the "Capitals of Culture Working Together" programme, funded by the European Commission, and connects regional and continental "Capital of Culture" initiatives, offering spaces for dialogue, cooperation and innovation. Among these initiatives: the European Capital of Culture (organized by the European Union), the Iberoamerican Capital of Cultures (organized by the Union of Iberoamerican Capital Cities), the Mediterranean Capital of Cultures and Dialogue (organized by the Anna Lindh Foundation and the Union for the Mediterranean) and the emerging African Capital of Culture (organized by UCLG-Africa).

The programme: (a) supports the organisation of a meeting of Mayors of cities in the African Capital of Culture, bringing specific expertise and experiences from the rest of the world, (b) supports the drafting of a structured methodology for the "African Capital of Culture", including selection process and impact measurements tools, (c) engages with a selected number of strategic cities to localise the SDGs with cultural policies, through Seven Keys workshops, online webinars and a Culture Capital – Culture Goal report, and (d) supports the presence of Culture Capitals leaders in major international "City and Regions" Fora and events.
