

## **2022 4<sup>th</sup> JEJU-UCLG Global Young Creatives Residency (GYCR) Call for Young Artists and Creatives for “Islands in Flow 2”**

We are currently accepting applications for the 2022 4th JEJU-UCLG Global Young Creatives Residency: Islands in Flow 2, organized by the Jeju Foundation for Arts and Culture (JFAC) and hosted by Jeju Special Self-Governing Province. Marking its 4<sup>th</sup> year, we are inviting young artists and creatives from Jeju and abroad to Jeju island. Comprised of a collection of volcanic islands, Jeju has thousands of myths and an amazingly rich cultural heritage, such as the haenyo (diving women). Participants are invited to have an immersive creative experience of the island and ocean, while being consulted by expert mentors.

Participants will dive into Jeju ocean, metaphorically and literally, and see how the climate crisis is affecting the ocean life and the earth, as well as expanding their experience and knowledge. Through artistic imagination and collaboration, we encourage participants to face the urgent climate crisis and respond with creativity.

We invite creative young people to come to this island to experience creative flow, an exchange of inspirations, and to meet the ocean in all its awe during the current crisis.
