### CIRCULAR 25

Dear members of UCLG's Committee on culture,

We are approaching the fifth anniversary of Agenda 21 for culture. The celebration will launch several projects. One of these will be a map of all cities, local governments and organisations which are connected to this initiative. The document attached is a draft list. The deadline for amendments, suggestions and comments is 15th April 2009.

Yours sincerely

The UCLG World Secretariat on behalf of the Committee on culture)
